

We are a Car Club active in our community. We promote automotive safety through awareness, communication and cooperation among car enthusiasts. We project a positive image of car enthusiasts to the general public. We support non-profit organizations with fund raising activities and provide help to our community.

PRESIDENTS MESSAGE

Wednesday December 4th was perhaps the busiest agenda of the year. If you missed the meeting be sure to read the minutes attached from secretary Debbie. This has been a fun, exciting, and successful year. I want to thank all of you for stepping up to make my first year as your club president a rewarding experience. I normally would attempt here to list all who have shouldered some of the workload, but not enough space, you know who you are. As I have said before, RODDERS are more than a car club, we are a hobby of car enthusiasts and full membership full of caring individuals who invest their time and energy to raise awareness and revenue and help other individual's and organizations. Sharon and I are proud to part of the Crook County Rodders.

Next year will give us all the opportunity to continue to help Rodders strengthen our community visibility. I look forward to more car shows, cruises, picnics and yes, providing assistance to those individuals and organizations locally in time of need. As we approach the Holiday season and the year 2020, it is time to reflect on the fun we have had and the good work we have collectively done.

Be well, enjoy time with family and friends and have a safe and healthy new year.

Lynn
