

*We are a Car Club active in our community. We promote automotive safety through awareness, communication and cooperation among car enthusiasts. We project a positive image of car enthusiasts to the general public. We support non-profit organizations with fund raising activities and provide help to our community.*

**PRESIDENTS MESSAGE MARCH 2020**

Hello Rodders

On the night of Wednesday March 4th we had another fantastic car club turnout. Three new individuals have come on board and completed club applications to enhance our already talented group of car enthusiasts. I have heard that some of you are working on brakes, electrical, repainting, etc. to get ready for the 2020 spring-summer cruise life and car show season. The car show and cruise season cannot arrive fast enough.

The Rodders car display at the Bowman museum is drawing many thumbs up, thanks to all of you who had a hand in creating an outstanding display showing the love of our classic car hobby to the general public along with our desire to help other individuals and organization through our fundraising and support of non profits.

Additionally, the first ever Rodders car club handbook committee is hard at work to create and present to you a tool that will share our clubs history, our successes and provide a resource that will assist you over the years. The geezers are meeting weekly and not only having fun but bringing many skills to the Rodders many projects.

The CRUISE TO THE CENTER OF OREGON is approaching fast and again this year it is evident that many Rodders are taking a hands on approach to make the 15th annual another great car show.

In closing, please be safe and follow all the health safety tips in maintaining good health now that we are faced with the corona virus. I realize a few of you have expressed concern. I do not want to see Rodders cut back or eliminate gatherings. I for one have discontinued handshakes and the corona virus will hopefully pass without damaging our spirit and our Rodders 'can-do' attitude.

Lynn

**Elected Officers:**  
President: Lynn Arnett  
Vice President: Randy Holcombe
