PRESIDENTS MESSAGE NOVEMBER, 2020

As I write this, it is Friday the 13th. 🙌 I hope all of you had a smooth sailing day with no choppy seas. The year 2020 has brought many challenges and we all look forward to saying goodbye to 2020 and hello to 2021. The Rodders however, refused to stay in port. Instead, we sailed to many places and enjoyed each other's company. I have always enjoyed learning from challenges--the year 2020 taught Rodders about spirit, creativity and teamwork like never before. It is only mid-November, but as we close this year I want to thank all of you for the letters, emails, phone calls, text messages of support and for your ideas/suggestions. Our ship is more seaworthy now than it was a year ago. I have learned from many of you and have enjoyed the additional friendships I have added to my friendship reservoir.

The ballots have been mailed for 2021 election of officers and board members, in accordance with the bylaws. If you elect me to remain at the ship's helm, I will continue to give you my best and to focus on camaraderie. None of us are sure of the challenges and the seas that we will sail into in 2021 but together we can stay on course, have fun, and continue to have all hands on deck to make CCR better than ever. All organizations must change from time to time in order to remain viable and maintain the enthusiasm of staff. In 2021 we will continue to go cruising, cruising, cruising.

Our state is now in a two-week freeze due to increased covid-19 cases. Our December car club meeting is rescheduled to December 16th for now. Our annual Christmas dinner/party is currently questionable with relation to a possible extension of the freeze, but we hope after the freeze is lifted by the governor, we can proceed with a well-deserved Christmas get together. Meanwhile, enjoy Thanksgiving, spend time with family, friends, and above all, count your blessings.

Lynn
